# Teacher Candidates and Professionalism

## Teachers as Professionals

Members of the teaching profession in Ontario have the responsibility to conduct themselves in a manner that reflects and upholds the Foundations of Professional Practice (Ontario College of Teachers, 2004). Embedded in this responsibility are the core values of professionalism, those principles that define teachers' moral and ethical obligations both individually and collectively to serve the public good. Such principles are necessarily expressed in the professional's attitude, behaviour, and practice. They include:

### Commitment to Excellence

Teachers, as professionals, demonstrate excellence in the practical craft of teaching. Their intellectual expertise and technical competence are indicative of their ongoing pursuit of scholarship. As reflective practitioners, they are committed to their own professional development.

### Trust and Integrity

Teachers demonstrate a regard for the highest standard of ethical behaviour in all of their relationships with students, colleagues, and others. They uphold the honour and dignity of the teaching profession and model compassion, acceptance and social justice to their students.

### Respect for Others

Teachers demonstrate empathy, respect, and civility in their fair and equitable treatment of students. Similarly, their relationships with other teachers are marked by a positive sense of collegiality and a dedication to work collaboratively for the benefit of students.

### Dedication and Responsibility

Teachers take personal responsibility for their conduct. Their sense of duty and service in the practice of teaching expresses their dedication not only to students, colleagues, and others, but also to their own deeply held professionalism. In this respect, individual teachers exhibit both courage and leadership in articulating their practice and in making it an example for others.

## Statement of Expectations for OISE Teacher Candidates

During your time as teacher candidates at OISE, we will strive to inspire you with the content and spirit of professionalism in teaching, as outlined earlier in this section. In the context of your in-school experiences, you will have the chance to hone your skills at integrating your appreciation for the qualities of professionalism into your own practice. Your professional responsibilities as teacher candidates in schools are outlined in the CTEP Practicum Handbook on the CTEP website: [http://www.oise.utoronto.ca/BEdConcurrent/Practicum\\_for\\_Teacher\\_Candidates/index.html](http://www.oise.utoronto.ca/BEdConcurrent/Practicum_for_Teacher_Candidates/index.html)

Equally significant is your capacity to transfer and apply, both conceptually and in practice, the standards of teacher professionalism to your position as teacher candidates while engaged in your academic program at OISE. This capacity, it is believed, will help to prepare you for your teaching profession

## OISE Standards of Professional Practice, Behaviour and Ethical Performance for Teacher Candidates

All Teacher Candidates registered in an OISE Bachelor of Education (Concurrent) program leading to recommendation for certification by the Ontario College of Teachers accept that the teaching profession demands integrity and exemplary behaviour. *OISE Standards of Professional Practice, Behaviour and Ethical Performance* for teaching includes upholding the applicable standards for the teaching profession established with reference to:

- a. The *Standards of Practice for the Teaching Profession* and the *Ethical Standards of Practice for the Teaching Profession* of the Ontario College of Teachers;
- b. The *Education Act* of the Province of Ontario;
- c. *We the Teachers of Ontario* of the Ontario Teachers' Federation;
- d. The *Code of Student Conduct* of the University of Toronto;
- e. The *Ontario Human Rights Code*;
- f. The *Criminal Code of Canada*; and
- g. The expectations of schools and communities that act as OISE's partners and field sites.

These standards apply to Teacher Candidates in all teaching or practice-related settings. By registering in one of OISE's teacher education programs, a Teacher Candidate accepts that s/he will follow *OISE Standards of Professional Practice, Behaviour and Ethical Performance*.

*OISE Standards of Professional Practice, Behaviour and Ethical Performance* do not replace the legal and ethical standards defined by professional or regulatory bodies or those regulations applicable to host organizations nor those defined by other University policies or procedures. Action respecting these OISE standards does not preclude any other action under other applicable University policies or procedures, action by program regulatory bodies, professional bodies or Boards of Education, or action under applicable law including the *Criminal Code of Canada*.

Breach of any of *OISE Standards of Professional Practice, Behaviour and Ethical Performance* may, after appropriate evaluation of a Teacher Candidate and in accordance with applicable procedures, be cause for dismissal or failure in a course, practicum, field placement or program.

All OISE Teacher Candidates are expected to demonstrate high levels of both academic and professional integrity and behaviour. As associate members of the Ontario Teachers' Federation (OTF), Teacher Candidates should be aware of the regulations made under the *Teaching Profession Act*. All OISE Teacher Candidates will uphold the relevant behavioural and ethical standards of the teaching profession and will refrain from taking any action that is inconsistent with the appropriate standards of professional behaviour and ethical performance. These appropriate standards include:

1. Acting in a manner consistent with a teacher professional who is in a 'position of trust' in relationships with students in their care during practicum and field experiences. As a teaching professional in a position of trust, Teacher Candidates must not use relationships with students for personal benefit, gain or gratification.
2. Demonstrating dedication and commitment to students in their care.
3. Respecting appropriate confidentiality of all students in their care. The standard of confidentiality permits discussion of information about the student with school authorities who have direct involvement with that student and the release of information as required by law.
4. Respecting the students' rights and dignity, emotional wellness,

- physical safety and cognitive development at all times.
5. Refraining from any act that may be reasonably construed as physical, emotional or sexual abuse of students.
6. Establishing, respecting and maintaining appropriate professional boundaries in relationships with students, peers, colleagues and other professionals.
7. Respecting and demonstrating willingness to work professionally with instructors, peers, colleagues and other professionals.
8. Attending scheduled practicum and field placements and in the event of unforeseen circumstances, providing timely notice of absence to the appropriate person.
9. Upholding all applicable aspects of the *Ontario Human Rights Code*.
10. Fulfilling the duties of a Teacher as outlined in the *Education Act of the Province of Ontario* (RR, 1990, reg. 298 sec 20).
11. Behaving in a way that upholds the ethical and behavioural standards established by the Ontario College of Teachers and applicable Canadian law including the *Criminal Code of Canada*.

*OISE Standards of Professional Practice, Behaviour and Ethical Performance* represent minimum expected behaviour and ethical performance of Teacher Candidates; all Teacher Candidates should strive for exemplary ethical and professional behaviour at all times.

Breaches related to *OISE Standards of Professional Practice, Behaviour and Ethical Performance* are a serious matter and represent failure to meet the standards of the program.

# About OISE

### About OISE

Established in 1827, the University of Toronto is Canada's largest and most research-intensive university and the only Canadian university to be named in the top 20 in the Times Higher Education World University Rankings. Located in and around Toronto, one of the world's most diverse regions, the University of Toronto's vibrant academic life is defined by the cultural diversity in its community.

Standing on the shoulders of one of the world's greatest universities, the Ontario Institute for Studies in Education (Institut d'études pédagogiques de l'Ontario de l'Université de Toronto) (OISE) has, for more than a century, made a major contribution to advancing education in Canada and around the world. With approximately 100,000 alumni worldwide, over 3,000 students in teacher education and graduate programs, close to 7,500 continuing education students annually, 19 research centers and institutes and four academic departments, OISE is among the University of Toronto's largest faculties. As such, it is one of the largest and most research-intensive faculties of education in North America. Its distinguished faculty and researchers examine major issues in education, human development and professional practice with a view to their contemporary and future impact on pedagogy, policy and society. An intellectually rich and supportive environment, guided by the highest standards of scholarship and a commitment to equity and social justice, OISE strives to pose and respond to the critical questions that inform change and inspire action in the professional practice of the many thousands of educators, researchers, professionals, policy makers, community leaders and other influencers who make up OISE's community worldwide.

### History

OISE's proud history dates back to 1906, when the Faculty of Education at the University of Toronto was founded following a Royal Commission report arguing that the "Teaching of education is best performed where the theory and practice can be made to supplement each other." The Faculty established the University of Toronto Schools (UTS) in 1910, to serve as a laboratory to improve the practical and experimental aspects of its program.

In 1926, the St. George's School of Child Study became the first university laboratory preschool in Canada. In 1939, it became the Institute of Child Study (ICS), the first of the University of Toronto's multi-disciplinary research centres.

In 1920, the Faculty of Education became the Ontario College of Education (OCE), University of Toronto. During a period of forty-five years, directly funded and controlled by the Ministry of Education, "OCE" was the sole institution in the province preparing secondary school teachers.

In 1965, a special act of the Ontario legislature established the Ontario Institute for Studies in Education (OISE) to offer graduate programs, conduct research and disseminate its findings, and to engage in field development activities in education. In 1966, the departments of Graduate Studies and Research were transferred from OCE to OISE, while teacher education remained at the University of Toronto. Effective July 1, 1972, the College was formally designated the Faculty of Education, University of Toronto (FEUT).

In 1994, the Minister of Education and Training invited the University and OISE to explore the possibility of full integration. On December 16, 1994, the Ministry of Education and Training, the Governing Council of the University of Toronto and OISE signed an agreement outlining the broad terms for the integration of OISE and FEUT, including UTS and ICS with

its Laboratory School, into a new professional faculty of education under the Governing Council of the University of Toronto.

The new faculty, named the Ontario Institute for Studies in Education of the University of Toronto, began operations on July 1, 1996.

In 2004, UTS became an independent ancillary corporation within the University of Toronto, with its own Board of Directors.

In 2010, in recognition of the Dr. Eric Jackman's gift to the Institute of Child Study (ICS) to support early childhood development and education, the University of Toronto renamed ICS as Dr. Eric Jackman Institute of Child Study.

In 2012, OISE restructured its academic departments from five to four with programs grouped under four distinct yet interrelated areas of scholarship within the broader field of educational studies. The OISE's academic departments are:

- Applied Psychology and Human Development (APHD)
- Curriculum, Teaching and Learning (CTL)
- Leadership, Higher and Adult Education (LHAE)
- Social Justice Education (SJE)

In 2014, in response to the Government's decision to substantially reduce the enrolment of students in teacher education programs, decrease per-student funding, and shift towards a new four-term degree framework, OISE repositioned itself as an all-graduate faculty of education in line with the University of Toronto's differentiated role as Ontario's leading research-intensive university. This decision resulted in the discontinuation of the B.Ed. program, the phasing out of the Concurrent Teacher Education Program (CTEP) and a major expansion OISE's graduate teacher education programs, especially the Master of Teaching degree. As one of Canada's largest and most research-intensive faculties of education, OISE's new focus on teacher education at the graduate level allows the Institute to make a unique contribution to the teaching profession.

A renewed OISE will continue to build on its strengths in research and graduate studies as it explores new challenges and opportunities as the only all-graduate faculty of education in Canada. It will continue to incorporate leading-edge pedagogical approaches to improve the quality and accessibility of its programs, domestically and internationally, while continuing to make a difference in how, where and what people learn as part of the Institute's commitment to the genuine value of lifelong learning.

# Summary of Programs Offered by OISE

OISE offers teacher education at several levels. These are summarized below. This Calendar pertains to the Concurrent Teacher Education Program. Information regarding the Additional Qualification Courses for Educators and the Graduate Studies programs can be obtained from the addresses listed herein.

## Teacher Education Programs

Teacher education programs provide training and experience valuable at all levels of education, and in a wide variety of careers for which teaching skills and proficiency in communication are required. These programs lead to the Ontario Teachers' Certificate of Qualification (O.T.C. of Q.).

### Concurrent Teacher Education Program

Two concentrations are offered:

- Primary/Junior
- Intermediate/Senior

### Master of Arts in Child Study and Education

The Master of Arts in Child Study and Education Program is offered at the Dr. Eric Jackman Institute of Child Study, a centre of professional teacher training and research in childhood and education, which includes a Nursery through Grade 6 Laboratory School.

The philosophy of this program is based on the belief that successful teaching requires an understanding of how children's capacities, concerns, and behaviour change with age, how individual differences reflect developmental changes, and how social and physical environments influence children's development.

The program introduces students to educational and developmental theory and research relevant to educational settings, showing how this research can inform classroom practice. Students also learn how to objectively study children, using both practical assessment and formal methods of inquiry. These areas of knowledge combined with knowledge of effective teaching methods (such as an inquiry-based approach) and learning environments result in educational practices that build on children's current levels of development.

The non-thesis program requires two years of full-time study leading to a Master of Arts degree. Graduates are recommended to the Ontario College of Teachers for a **Certificate of Qualification**, which qualifies the holder to teach in the primary and junior divisions of Ontario schools.

This program offers two fields:

1. Practice-Based Inquiry (PBI) in Psychology and Educational Practice
2. Research-Intensive Training (RIT) in Psychology and Education

**Field:** Practice-Based Inquiry (PBI) in Psychology and Education Practice

The field is based on the use of collaborative inquiry and data-based decision-making to enhance teachers' practice and student learning and success. This field will provide a foundation in the use of a broad range of information sources to address questions of practice using an inquiry cycle.

**Field:** Research-Intensive Training (RIT) in Psychology and Education

The field provides concurrent training in research methods and

educational practice for elementary teacher certification. It supports the development of expertise in scientific examination of educational and psychological issues and highlights the integration between science and classroom practice.

Candidates in this program are subject to the rules and regulations of the School of Graduate Studies and should refer to the OISE Bulletin and the School of Graduate Studies Calendar

2. Changes in regulations by the Ontario College of Teachers or the Ministry of Education and Training may have an impact on the course offerings.

## Program Components

### The Concurrent Portfolio

Starting in Year 3 of the BEd program, Concurrent candidates are required to develop a portfolio, which is a performance assessment tool that requires them to provide evidence of their learning and reflection through the analysis of a variety of artifacts. The Concurrent Portfolio is a purposeful and careful documentation of candidates' growth as developing teachers over the course of the program.

### The Practicum or Field Placement

Certification by the Ontario College of Teachers requires that each Teacher Candidate successfully complete a minimum number of practicum days. All placements on school sites are at the invitation of the Principal of the school. Under the *Education Act of the Province of Ontario*, Principals have the right to end the practicum or field placement when they believe it has a negative effect on the welfare of the students in the school.

A Teacher Candidate may be restricted from beginning or continuing a practicum or field placement when s/he has acted in a manner not consistent with *OISE Standards of Professional Practice, Behaviour and Ethical Performance*. The decision to restrict a Teacher Candidate from the practicum will be made by the Academic Director of CTEP in consultation with the Dean of OISE (or designate), and with others at the University of Toronto as required.

Teacher Candidates who are restricted from beginning or continuing a

practicum or field placement will be provided with a letter that outlines the specific conditions that s/he must meet in order to commence or continue the practicum or field placement requirements. Teacher Candidates who are restricted from beginning or continuing a practicum or field placement will be deemed to be 'incomplete' in the program. Teacher Candidates who fail to meet the conditions specified in the letter will not be permitted to commence or complete the practicum and s/he will receive a failing grade in the practicum and will thus fail the program.

A practicum will be considered a failed practicum if any of the following occur:

1. A Teacher Candidate receives a 'fail' on the Summative Evaluation or Practicum Review for the practicum as completed by the Associate Teacher.
2. The Principal of the school has exercised the clause in the *Education Act of the Province of Ontario*, (RR.190, reg.298, Sec. 20) that allows the Principal of a school to end a practicum based on her/his obligation to ensure the emotional and educational well-being of the students in that school.
3. A candidate makes his/her own decision to leave a practicum.

Teacher Candidates must successfully complete all requirements of the program including the practica in order to graduate and be recommended to the Ontario College of Teachers.

Assessment of professional behaviour and ethical performance will form part of the academic assessment of Teacher Candidates in accordance with the *Grading Practices Policy* of the University of Toronto. Breaches of these standards are serious academic matters and represent failure to meet the academic standards of the Initial Teacher Education program. Poor performance with respect to professional or ethical behaviour may result in a performance assessment which includes a formal written reprimand, remedial work, suspension or dismissal from the program or a combination of these. In the case of suspension or dismissal from the program the suspension or dismissal may be recorded on the student's academic record and transcript with a statement that these standards have been breached.

In cases where the allegations of behaviour are serious, and if proven, could constitute a significant disruption to the program or the practice site, or a health and safety risk to other students or members of the university community, the Dean of OISE (or designate) is authorized to impose such interim conditions upon the Teacher Candidate including removal from the practice site as the Dean (or designate) may consider appropriate.

In urgent situations, such as those involving serious threats or violent behaviour, a Teacher Candidate may be removed from the University or practice site in accordance with the procedures set out in the *Code of Student Conduct*.

Appeals against decisions under this policy may be made according to the OISE guidelines for such appeals.

### Program Requirements

The courses and field experiences related to the BEd component of the Concurrent Teacher Education Program are normally completed in a particular sequence from Year 3 to 5 except in exceptional circumstances. A new sequence of program components has been introduced. Candidates in the Concurrent Program will follow this new sequence.

must receive a Pass in each of the two scheduled Practicum sessions as designated on each summative evaluation. A Concurrent candidate who fails the first or second scheduled Practicum will be granted supplemental privileges to complete additional Practica, subject to review and approval by the OISE Dean's Review Committee. Supplemental privileges will take place after a scheduled Practicum has been completed. Only two supplemental privileges will be granted for the Practicum courses. A Concurrent candidate who fails both of the scheduled Practica and fails the first supplemental Practicum will receive a final grade of NCR (No Credit) for each of the Practicum courses and will neither be recommended for the Bachelor of Education degree nor for the Certificate of Qualification (Ontario College of Teachers).

## E. Time to Completion

The Concurrent Teacher Education Program is designed as a full-time program to be completed within five years for candidates entering from high school. In exceptional circumstances, granted by the Dean's Review Committee, candidates may be offered an extension to complete the BEd program requirements. Please note, however, that timelines will be mandated by the OCT due to recent program changes.

## F. Withdrawals from EDU courses

Candidates wishing to withdraw from EDU courses should consult the OISE sessional dates for information about withdrawing without academic penalty.

**NOTE:** Withdrawal from courses may extend program completion time. Students taking longer than five years to complete the program could incur additional expenses and might experience difficulty scheduling the required sequence of courses.

## G. Withdrawal from Concurrent Teacher Education Program

### 1. Withdrawal from the Concurrent Program without Academic Penalty

A Concurrent candidate may choose to completely withdraw from the Concurrent Bachelor of Education program without academic penalty anytime up to March 31st. Candidates who wish to permanently leave the Concurrent BEd program must notify in writing both Registrar's Offices. Upon withdrawal, the designator WDR (withdrawn without academic penalty) will be entered on the student's academic record for EDU courses in that academic session.

### 2. Withdrawal from the Concurrent Program after March 31st

A Concurrent candidate who chooses to completely withdraw from the Concurrent Bachelor of Education program after the March 31st deadline will be assigned a grade of F or NCR, as appropriate, in all EDU courses for that academic session.

**NOTE:** Candidates who choose to, or are required to, withdraw from the Concurrent Program may be allowed to transfer to a non-Concurrent degree program and any credit retained will be dependent on the policies of the home faculty. Note that no credit will be retained for any Bachelor of Education (EDU) courses. Not attending classes is not the same as withdrawing from the session. Candidates will be given a mark based on the course work submitted.

## H. Conflict of Interest

Where the instructor or a Concurrent candidate has a conflict of interest, or is in a situation where a fair and objective assessment may not be possible, this should be disclosed to the Dean (or designate), who shall take steps to ensure fairness and objectivity.

## I. Procedures in the Event of a Disruption

### 1. Principles

The following principles shall apply in the event of a disruption of an academic program:

- i. The academic integrity of academic programs must be maintained and
- ii. Concurrent candidates must be treated in a fair manner, recognizing their freedom of choice to attend university classes or not without penalty.

### 2. Procedures

- a. The Vice-President and Provost, or the Academic Board, shall declare when a disruption of the academic program has occurred. The Provost shall take steps to inform the University community at large of the changes to be implemented and will report to the Committee on Academic Policy and Programs regarding the implementation of the procedures and changes to the status of the academic programs.
- b. Individual instructors responsible for courses that are disrupted shall determine, as the disruption proceeds, whether any changes to classroom procedures are needed to complete the course.
- c. Changes to the classroom procedures should, where possible, first be discussed with Concurrent candidates prior to the class in which a vote of the Concurrent candidates present on the proposed changes is to be taken. Changes agreed upon by consensus should be forwarded to the Dean (or designate) with a report on the attendance at the class where the vote was taken.
- d. Where consensus on changes has not been arrived at, or where a vote is not feasible, the instructor, after the class discussion, will provide the Dean (or designate) with his or her recommendation, along with the results of any classroom votes. The Dean (or designate) shall then make a decision. Where classes are not able to convene, the instructor, with the prior approval of the Dean (or designate), shall make changes deemed necessary to the classroom procedures. In the absence of

## J. Access to Examination Papers

- i. Copies of final examination papers for the preceding academic year are available in the OISE Education Commons/Library. These are available for review by Concurrent candidates upon request. In some cases instructors may be granted an exemption from filing an examination paper. Exemptions may be granted by the Dean (or designate). In those cases, an exemption notice will be filed in place of the copy of the examination.
- ii. A Concurrent candidate has the right to petition for the re-reading and re-checking of marks on a final examination. A written petition must be submitted to the Registrar within two weeks of receiving the grade or decision. A Concurrent candidate also has the right to review his or her examination, with a representative of the Elementary or Secondary Program setting the examination. A fee covering administrative costs and copying costs (where applicable) will be levied and must be paid prior to the review.

delivered in documentary form to the OISE Office of the Registrar and Student Services; further documentation will not be considered after this point. Appeals will not be accepted by electronic submission such as e-mail. The written statement should include all relevant supporting documentation and factual information, i.e., course syllabus, grading scheme, grade(s) received, etc., and should specifically state the desired outcome that is being sought. Submissions simply stating that a higher grade is being sought without compelling reasons and documentation will not normally be sufficient. The Registrar will provide a copy of the appeal submission to the instructor and ask for the instructor's written response to the appeal without undue delay. A copy of the instructor's response will be provided to the appellant for his/her response, which must be received without undue delay. The Registrar will then provide copies of all the written submissions to the Dean's Review Committee to consider the appeal. Neither party nor his/her representative may appear in person before the Dean's Review Committee. The Dean's Review Committee will consider all submissions, review the case and communicate its decision and rationale in writing, through the Registrar, to the parties concerned.

## Academic Appeal Procedures - Concurrent Bachelor of Education Program

*IMPORTANT NOTE: In 2014, OISE repositioned itself as an all-graduate faculty of education. This has resulted in the phasing out of the Concurrent Teaching Education Program and a major expansion of OISE's graduate teacher education programs. The 2017-18 academic year is the final year of the CTEP program and classes are not offered beyond the 2017-18 academic year. Teacher candidates taking longer than five years to complete the program could incur additional expense and may encounter difficulty in scheduling some courses.*

*Note also that the following appeal procedures are accurate at the time of publication. They are under review and may be subject to change.*

An academic appeal is an appeal by a student of the University:

1. Against a University decision as to his or her success or failure in meeting an academic standard or other academic requirement of the University; or,
2. As to the applicability to his or her case of any academic regulation of the University; however,
3. No appeal can arise from any admissions decision.

The standard of review of an academic appeal is reasonableness.

There are three types of academic appeal.

- A. Appeal of Academic Grades in OISE Courses
- B. Appeal of Failures in a Practicum
- C. Other Academic Appeals

### A. Appeal of Academic Grades in OISE Courses

A Teacher Candidate must discuss a disputed grade informally with the instructor(s) involved to determine if an informal resolution is possible. Both the Teacher Candidate and the instructor may seek advice from the appropriate Program Director. If the dispute is not resolved through informal discussions, the following formal procedures may be initiated.

1. A Teacher Candidate may appeal a disputed grade by filing a written statement of appeal with the Registrar within two weeks of receiving the grade. The complete written statement of appeal must be

2. A Teacher Candidate may appeal the decision of the Dean's Review Committee to the Appeals Committee of the Faculty Council of OISE by filing a written statement of appeal with the Registrar within two weeks of receiving the decision. The complete written statement of appeal must be delivered in documentary form to the Registrar's Office; further documentation will not be considered after this point. Appeals will not be accepted by electronic submission such as e-mail. The written statement should include all relevant supporting documentation and factual information, i.e., course syllabus, grading scheme, grade(s) received, etc., and should specifically state the desired outcome that is being sought. Submissions simply stating that a higher grade is being sought without compelling reasons and documentation will not normally be sufficient. The written submissions should include the statements issued previously by the appellant, the instructor(s) and the Dean's Review Committee. In addition to providing written submissions, the appellant and a designated representative of OISE may elect to appear in person, with or without counsel or other advisor, and present arguments in person or by counsel/advisor. The appellant must notify the Registrar at least two business days prior to the date of the appeal hearing whether or not s/he elects to appear in person and/or be represented by counsel or other advisor. If the appellant does not notify the Registrar, the appeal will be terminated. If the appellant elects to not appear, the Appeals Committee will proceed with the appellant's written submission. The Appeals Committee will hear and/or consider submissions, review the case and communicate its decision and rationale in writing, through the Registrar, to the parties concerned.

3. A Teacher Candidate may make a final appeal of the decision of the Appeals Committee of the Faculty Council of OISE to the Academic Appeals Committee of the Governing Council of the University. An appeal to the Academic Appeals Committee shall, except in exceptional circumstances, be commenced by filing a written notice of appeal no later than 90 days after receipt of the decision of the Appeals Committee of the Faculty Council.

### B. Appeal of Failures in a Practicum

1. A Teacher Candidate may appeal a practicum failure in writing to the Dean's Review Committee by delivering the appeal in documentary form (hard copy) to the OISE Office of the Registrar and Student

Services. Appeals will not be accepted by electronic submission such as e-mail. This documentation must be received within two weeks of receiving the summative evaluation; further documentation will not be considered after this point. A written statement should include all relevant factual information and should specifically state the desired outcome that is being sought. Written statements stating that a passing grade is being sought without compelling reasons and documentation will not typically be sufficient. The OISE Registrar will then provide copies of all the written submissions to the OISE Dean's Review Committee to consider the appeal. The OISE Registrar may share a copy of the Teacher Candidate's appeal with the Associate Teacher(s), CTEP Academic Director and/or other persons named in the appeal. Neither party nor his/her representative may appear in person before the OISE Dean's Review Committee. The OISE Dean's Review Committee will consider all submissions, review the case, consult with the Teacher Candidate, the Associate Teacher, the Principal of the school, the CTEP School-University Partnership Coordinator, Faculty Advisor and any other named parties if needed and communicate its decision and rationale in writing, through the OISE Registrar, to the parties concerned.

2. A Teacher Candidate may appeal the decision of the OISE Dean's Review Committee to the Appeals Committee of the Faculty Council of OISE by filing a written statement of appeal with the OISE Registrar within two weeks of receiving the OISE Dean's Review Committee decision. The complete written statement of appeal must be delivered in documentary form to the OISE Registrar's Office; further documentation will not be considered after this point. Appeals will not be accepted by electronic submission such as e-mail. The written submission should include all relevant supporting documentation and factual information and should specifically state the desired outcome that is being sought. Submissions simply stating that a passing grade is being sought without compelling reasons and documentation will not typically be sufficient. The written submission should include the statements issued previously by the appellant, the Associate Teacher, the CTEP Academic Director and the OISE Dean's Review Committee. In addition to providing a written submission, the appellant and a designated representative of OISE may elect to appear in person, with or without counsel or other advisor, and present arguments in person or by counsel/advisor. The appellant must notify the OISE Registrar at least two business days prior to the date of the appeal hearing whether or not they elect to appear in person and/or be represented by counsel or other advisor. If the appellant does not notify the OISE Registrar, the appeal will be terminated. If the appellant elects to not appear, the Appeals Committee of the Faculty Council of OISE will proceed with the appellant's written submission. The Appeals Committee of the Faculty Council of OISE will hear and/or consider submissions, review the case and communicate its decision and rationale in writing, through the OISE Registrar, to the parties concerned.

3. A Teacher Candidate may make a final appeal of the decision of the Appeals Committee of the Faculty Council of OISE to the Academic Appeals Committee of the Governing Council of the University. An appeal to the Academic Appeals Committee of the Governing Council of the University shall, except in exceptional circumstances, be commenced by filing a written notice of appeal no later than 90 days after receipt of the decision of the Appeals Committee of the OISE Faculty Council. ## **C. Other Academic Appeals Other Than Those Relating to OISE Grades and Practicum**

The complete written statement of appeal must be delivered in documentary form to the Registrar's Office three weeks after the grade submission deadline for the academic session where the object of the dispute arises. The window for appeals is closed on the 22nd day after the grade submission deadline for the academic session where the object of the dispute arises and further documentation will not be considered after this point. Appeals will not be accepted by electronic submission such as e-mail. The written statement should include all relevant supporting documentation and factual information and should specifically state the desired outcome that is being sought. The Registrar will provide a copy of the appeal submission to the relevant parties and ask for their written response to the appeal without undue delay. A copy of the response will be provided to the appellant for his/her response, which must be received without undue delay. The Registrar will then provide copies of all the written submissions to the Dean's Review Committee to consider the appeal. Neither party nor his/her representative may appear in person before the Dean's Review Committee. The Dean's Review Committee will consider all submissions, review the case and communicate its decision and rationale in writing through the Registrar, to the parties concerned.

# Financial Assistance and Awards

## Concurrent Teacher Education Program Students

Students in the Concurrent Teacher Education Program should consult their home College or Faculty for information on financial assistance.

## Policy on Student Financial Support

The University of Toronto's Policy on Student Financial Support states, as a fundamental principle that "No student admitted to a program at the University should be unable to enter or complete the program due to a lack of financial means." For CTEP students, this guarantee, which is implemented through the UTAPS program (see below) is designed to ensure that all students have access to the resources necessary to meet their needs as assessed by a common mechanism. This mechanism is based on the Ontario Student Assistance Plan (OSAP).

## Ontario Student Assistance Program (OSAP)

The Ontario Student Assistance Program (OSAP) provides needs-based financial assistance to Ontario residents who are Canadian citizens or permanent residents. Students in course loads of sixty per cent or greater are considered for both federal and provincial interest-free student loans to assist with educational and living expenses.

It is strongly recommended that students apply for OSAP assistance prior to May 31. Students from other Canadian provinces should apply through their provincial financial aid authority.

Information about Out-of-Province Student Loan Programs is available at: <http://www.future.utoronto.ca/finances/financial-aid/osap-and-other-government-aid>

### OSAP application forms can be accessed at:

## Ontario Bursary for Students with Disabilities

Non-repayable assistance is available for OSAP recipients who have special education expenses as a result of a disability. Information and applications are available from Enrolment Services. Detailed information on this program is also available on the OSAP website.

## UTAPS (University of Toronto Advance Planning for Students)

Students are first expected to rely on OSAP assistance up to the level of the maximum OSAP loan. UTAPS is a University of Toronto program of financial support to students whose needs have not been fully met after receiving maximum government aid from OSAP. The University will provide assistance in the form of a non-repayable grant that covers the difference between OSAP-assessed need and the maximum allowable loan provided to the student. You are automatically considered for UTAPS if you apply for OSAP. Out-of-province students must fill out the

online application form available at:

<http://www.future.utoronto.ca/finances/financial-aid/university-toronto-advance-planning-students-utaps>

## University of Toronto Work-Study Plan

Work Study provides students with the opportunity to develop their knowledge, skills and experience through paid work on campus. More information is available at:

<http://www.future.utoronto.ca/finances/financial-aid/work-study-program>

## Bursary Assistance

Non-repayable bursaries are offered to students enrolled in the Concurrent Bachelor of Education Program who demonstrate financial need. This support is provided through your Undergraduate College or Faculty rather than OISE.

## Office of the Registrar and Student Services

The Office of the Registrar and Student Services (ORSS), as the hub of OISE, is often the first and last point-of-contact for many clients and serves and supports diverse future and current students removing barriers and obstacles to facilitate a positive experience.

The ORSS delivers student-centred, community-focused and integrated services in an environment of mutual respect that attracts, supports and engages students. Collectively we make the ORSS an inviting and a great place to work, learn and grow.

At the ORSS, community members are able to request, receive, and retrieve a wealth of information that they need: Viewbooks, application, admission, digital forms, course registration, student record management, account information, fee payments, financial advice, bursaries, scholarships, awards, OISE Bulletin, counseling, referrals, well-being, accommodations, student communications, career services, OISE Student Success Centre, professional development, convocation and much more. We promote equitable access to academic and professional development programs and to financial and personal services beneficial to diverse student success.
